WHAT DO WE DO?

Now you know who we all are, you need to know what we do...

But...

We talk about important things.

We have 3 meetings during the year where we talk about how well the school is performing (that includes YOU) and if there are any problems we need to solve.

We have to make sure that what Mrs Pepper and your teachers are doing is making you achieve your targets and helping you to enjoy being at school.

We also have to do a lot of learning (just like you) so we can understand what goes on at your school and what it all means!

COMMITTEES

We are split into 3 different groups all looking at something different about the school

WHAT ELSE??

We listen a lot to what Mrs Pepper says about how well behaved you are, how much you all enjoy school, how well you are all achieving your targets...

BUT...

...Sometimes we like to see it for ourselves.

We spend a lot of time visiting you in school - you all get to see us around.

We all love talking to you about what you're doing and how much you enjoy (or not) the subjects that you are learning.

We love to SEE what you are doing and how much you enjoy things

We come into school at all times of the day so we get to see all your lessons, break times, assemblies and Golden Time.

Golden Time

What we always see is a big group of very well behaved children, working hard and enjoying what they are doing.
