3. Barriers to future attainment (for pupils eligible for PP including high ability)

When considering the nature of support needed, we give careful consideration to each individual child and the area(s) they need most support with. These fall under 6 main headings/barriers (considered in this priority order):

a. Attendance	<ul style="list-style-type: none">Attendance rates for pupils eligible for PP up to lockdown March 2020 (2019-20) was 95.5% (slightly below the group target of 96% and below the whole school target of 97%). This includes inconsistent attendance for some and/or punctuality issues. This reduces their school hours and causes them to fall behind on average.
b. Behaviour/attitudes for learning	<ul style="list-style-type: none">Behaviour issues for a small number of pupils (eligible for PP) is having a detrimental effect as they are unable to take responsibility/control their behaviour therefore impacting on their learning and therefore their academic progress.Low aspirations as a result of home environment/experiences/expectations impacts on their attitudes to learning and therefore their academic progress.
c. Social/Emotional/Mental Health needs	<ul style="list-style-type: none">SEMH issues for many of our pupils eligible for PP (eg. Attachment, low self-esteem; bereavement; anger management difficulties) is having a detrimental effect as they are not always emotionally 'ready to learn' and therefore this impacts on their learning and academic progress.A number of our PP pupils are currently/historically Children in Need/Child Protection, experiencing a lot of ACEs
d. Academic (English & Maths)	<ul style="list-style-type: none">Entry baseline in basic English and Maths key skills, in addition to poor oral skills, are lower for some pupils eligible for PP than for other pupils. This slows academic progress in subsequent years, particularly in reading.For some pupils eligible for PP, a lack of home support (sometimes due to parents own educational experiences and abilities) impacts on their opportunities for continued support at home.A number of our pupils (the majority in KS2) whom are eligible for PP are also SEND (14/36 = 3%). Their SEND complexities impacts on their academic progress.
e. Academic (other)	<ul style="list-style-type: none">Some PP pupils find it challenging to apply their basic skills across the curriculum which ultimately impacts on them achieving the expected writing standard at the end of KS2
f. Wider opportunities	<ul style="list-style-type: none">Many of our PP eligible pupils have less opportunities to participate in learning beyond the school day (both school clubs and externally

4. Outcomes		
	<i>Desired outcomes and how they will be measured</i>	<i>Success criteria</i>
A.	Increased attendance rates and punctuality for pupils eligible for PP.	Due to Covid, attendance targets are not appropriate to set but we expect PP attendance to be at least in line with their non PP equivalent peers.
B.	Behavioural issues of identified pupils addressed. Poor attitude/low aspiration of identified pupils addressed.	Fewer behaviour incidents recorded for these pupils. Pupils attitudes are positive and they aspire in order to achieve the targets set for them.
C.	SEMH pupils are supported so academic progress is made.	SEMH (PP eligible) pupils make progress at least in line with the targets set.
D/E	Improve basic English and Maths skills for pupils eligible for PP in Reception class. Improve basic English and Maths skills for ALL pupils eligible for PP to ensure higher rates of progress across school. SEND (PP eligible) pupils continue to progress at a good rate relative to their starting points.	Pupils eligible for PP in Reception class make rapid progress by the end of the year so that all pupils eligible for PP make good progress or better from their starting points. Pupils eligible for PP make as much progress as 'other' pupils identified across the school in maths, reading and writing. Measured by teacher assessments and standardised tests. SEND (PP eligible) pupils make progress at least in line with the targets set.
F.	Increased opportunities for PP pupils to participate in learning beyond the school day. <i>(Covid allowing)</i>	At least maintained attendance/participation by PP pupils in internal clubs able to be offered. Increased number of PP pupils in roles of responsibility.
